

Warranty bill

Note:

1. All parts of the whole vehicle will be guaranteed in strict accordance with the warranty period. 2. Unauthorized modification of controller, battery and charger is not allowed for warranty. 3. Gifts, worn parts and packaging accessories are not covered by the warranty. 4. Damage caused by human factors is not covered by the warranty.

Warranty items	Name of accessories	Warranty period	service content
Electrical components	Battery	12 months	If the battery capacity normally declines by more than 50% within one year (except for human factors), replace the battery with a new one within 6 months for free, and provide free warranty for 7 to 18 months. (No warranty for water ingress of battery)
	motor	12 months	The motor can not be used normally to replace the motor due to normal use failure within 6 months. Free warranty for 7-18 months. (No warranty for water inflow)
	Instrument/controller/charger	6 months	In case of failure, the performance cannot be recovered, and it can be replaced (self refitting, no replacement for man-made damage)
	Booster/switch accelerator/head light	6 months	The dysfunction can be replaced free of charge

Basic components	Frame	24 months	Free replacement for natural cracking, desoldering and fracture
	Front fork	12 months	Free replacement for natural cracking, desoldering and fracture
	Inner tube	6 months	Sharp object puncture is not covered by the warranty
	Transmission system/pedal/parking rack	6 months	The dysfunction can be replaced free of charge
